VOL. XXV, NO. 142

GAINESVILLE, FLORIDA, FRIDAY, JULY 24, 1908

TEN CENTS A WEEK

NIGHT RIDERS' RAIDS

Raiders Retaliate Upon the Illinois Central Railway.

THREE STATIONS ARE BURNED

Indignation Aroused Because Road Gave Permission to Soldiers on Duty in Night Rider Regions to Camp on Its Property.

Nashville, Tenn., July 23.—A Hopkinsville, Ky., dispatch says:

Night riders burned station houses of the Illinois Central railroad early Wednesday morning at Gracy, in the county of Christian, Cerulean, in Trigg county, and Otter Pond, in Caldwell county. Each depot was set on fire shortly after 1 o'clock.

Tuesday the Illinois Central gave permission to Madisonville soldiers on duty in night rider regions to camp on its property at Cobb, near Otter Pond.

The action aroused much indignation. Two weeks ago, when a squad of soldiers visited Cobb they were ordered off, food refused them and they were told they would not be permitted to establish a camp.

At Gracy, shortly after 1 o'clock a. m. Wednesday, twenty masked and armed night riders captured the telephone exchange, took two operators with them to the station, set the house on fire and rode away.

At Cerulean, the burning was quietly accomplished.

At Cobb, after the building was fired, the night riders shot guns and pistols and then rode away.

Each raid was by a different squad of night riders.

DIED OF BROKEN HEART.

Accidental Killing of Boy Preyed Upon Policeman's Mind.

New York, July 23.—Policeman Alfred Nathaniel Shuttleworth, of Brooklyn, is dead.

Although the physician's certificate will give paralysis as the cause of Shuttleworth's death, all who know the facts tell a different story. They say Shuttleworth died of remorse and of a broken heart.

Ten months ago he shot and killed a boy who was resisting arrest. It was an accidental killing. Shuttleworth always insisted, but he was indicted by the grand jury, suspended from duty, shunned by his old friends and ostracized by his neighbors.

Vindication came last May, when Assistant District Attorney Elder, after a thorough investigation of the facts, moved for a dismissal of the indictment.

Restored to duty, Shuttleworth took fresh heart, but by strange ill-luck, or bad judgment, Shuttleworth was assigned to the very post on which the tragedy had occurred.

To go back to the old post haunted with bitter memories of this tragedy, was hard, but Shuttleworth did it without a word of protest, and day after day, as he walked his post, men and women would point him out as "the cop who killed a boy."

On June 12th Shuttleworth reported sick and never left his home again.

Buffets Will Be Liqueurless.

Chicago, Ill., July 23.—General Passenger Agent Samuel G. Hatch has announced that the Illinois Central Railway company has decided not to allow the sale of liquor on any of its Pullman or buffet cars south of the Ohio river. "There are so many local options along our road," he said, "that we have decided not to permit the sale of any intoxicating drinks on our trains south of the Ohio. Texas has had a law similar to that of Louisiana in force for some time, and its effect, I understand, has been beneficial to all concerned."

Large Fruit Firm Assigns.

Gallipolis, O., July 23.—Graham & Co., of this city, the largest apple dealers in southern Ohio, have sold storage houses in Minneapolis and New York, have assigned liabilities \$171,000; assets \$71,000. New prices are given as the cause of the failure.

ALABAMA MINERS' STRIKE.

Strike-Breakers Put To Work—No Interference from Strikers.

Birmingham, Ala., July 23.—Two train loads of imported labor, strike-breakers, were placed in the mines Wednesday in the Birmingham district with military escort and there was not the least interference on the part of strikers or sympathizers. Two companies of the state troops were used in placing the workmen at the different slopes. One train load of strike-breakers, 300 in number, went to work at Murray mines, near Adamsville. The other train load of men was distributed throughout the district.

The early morning reports show that everything was quiet during the night except the little shooting in the vicinity of Mary Lee where a house was fired on but no one was hurt.

Sheriff Higdon was called on by a committee of citizens to ascertain if there was any truth in the charge made by the leaders of the miners that he was hiring negro deputies and he emphatically denied the assertion. When asked how long he intended remaining in the district Governor Comer replied that he would be here until the trouble was entirely over.

Apprehension was felt in the vicinity of Wylam and Ensley Tuesday night and some shooting was heard on the hills but nothing serious happened.

FREIGHT RATE INCREASE.

Alabama Will Resist Same in Courts, Says Gov. Comer.

Birmingham, Ala., July 23.—In an interview here Governor Comer announced that the state would resist in the courts the increase in freight rates as proposed by the general managers of railroads south of the Ohio and east of the Mississippi rivers. He said against the proposed increase:

"On the first of August will go into effect the most widespread increase of freight rates issued in years. This increase will fall upon the producer and the consumer. The railroads are stating that they have got to increase the rate or cut the price of every labor that they could reach. It would look as if any other business on earth except the railroads would reduce the interest paid on their water securities. Some years ago they increased the freight rates a very large amount and on that increase they were enabled to sell large blocks of securities that cost them nothing. Again they increased the freight rate by changing the classification and sold still other securities and now, when the hard times come, instead of standing the brunt like any other property and reducing the interest on these fictitious values, they are hiding behind the subterfuge of labor price to tax every property, every labor, which consumes the freight they haul by increasing the charges of the freight."

MUST BE RETRIED.

Famous Case of Government Against Standard Oil Company.

Chicago, Ill., July 23.—By unanimous opinion of the United States circuit court of appeals of the seventh district, the famous case of the government against the Standard Oil company, in which the latter was fined \$29,240,000 by Judge Landis in the district court, must be retried.

This opinion concurred in by Judges Baker and Seaman, was delivered here Wednesday by Judge Grosscup, who wrote the opinion.

The concluding sentence of the opinion reads:

"The judgment of the district court is reversed and the case remanded with instructions to grant a new trial and proceed further in accordance with this opinion."

Honors for Americans.

Paris, July 23.—The government has conferred the decoration of an officer of the Legion of Honor on the following Americans: Walter McEwan, of Chicago, the artist, and Paul W. Bartlett, the sculptor of New York. The order of Chevalier in the Legion of Honor has been conferred upon Alexander T. Mason, president of the New York branch of the Alliance Française; Dr. Charles A. L. Reed, of Cincinnati, O.; Richard Watson Gilder, of New York, and Alexander Hamilton Revel, of Chicago.

BISHOP POTTER DEAD

He Had Been In Ill Health For a Very Long While.

END PEACEFUL AND QUIET

Bishop Potter Was Seventy-Four Years of Age, and Was the Seventh Protestant Episcopal Bishop of the Diocese of New York.

Cooperstown, N. Y., July 23.—Henry Codman Potter, seventh Protestant Episcopal bishop of the diocese of New York, died Tuesday night at "Fernleigh," his summer home, near here, after an illness of several weeks. The bishop was unconscious all day, and the end, which came at 8:35 p. m., was peaceful and quiet. The prelate was seventy-four years of age.

Death was due primarily to embolism in the right leg, following a long attack of liver and stomach trouble, and the end had been foreseen for some time.

BISHOP HENRY C. POTTER.

Several days by the bishop's physicians. Bishop Potter suffered a severe relapse Tuesday morning and though oxygen was given him, his decline was gradual, and he sank into unconsciousness which lasted until the end.

The bishop's physicians made the following announcement of death:

"Bishop Potter passed peacefully away. His strength gradually failed during the past twenty-four hours, and there was no physical suffering or pain. J. E. Janvrin, H. L. Bassett, M. D.'s."

No arrangements for the funeral have as yet been made, but it is probable that services will be held here, and that the body will be removed to New York, where a public funeral will be held at Grace church.

Henry Codman Potter was seventy-four years of age, and a native of Schenectady, N. Y. He had been at the head of the New York diocese since 1877, succeeding his uncle, Henry Horace Potter.

Bishop Potter created a stir through out the country several years ago, when he took part at the dedication of the subway tunnel on Bleeker street, New York city.

A few years ago Bishop Potter married Mrs. Elizabeth Scriven Clark, his second wife.

Bishop Potter was the son of the Rev. Algeo Potter, who was consecrated bishop of Pennsylvania in 1845. He was ordained a priest in 1858.

Drowned in Shallow Water.

Columbus, S. C., July 23.—Joe Herring, a young white man of Latta, was drowned Sunday afternoon and three of his companions had narrow escapes, while in swimming near that place. Although a good swimmer, Herring was drowned in water shoulder deep.

Will Take Stump for Husband.

New York, July 23.—James G. Phelps Stokes, the millionaire socialist, will run for the assembly from the eighth district which takes in part of the lower East Side. It is announced that Mrs. Stokes will take the stump for her husband in the coming fight.

WILL FIGHT FOR GEORGIA.

Republicans Will Endeavor to Carry State for Taft.

Hot Springs, Va., July 23.—The republican national committee will make a fight to carry Georgia for the republicans, if the advice of Judge Taft is followed.

This wish was expressed by Judge Taft to a delegation of Virginia republicans who visited him to urge for one grand rally of Virginia republicans to be held here before Mr. Taft quits the place in September for the activities of the campaign. This delegation was headed by Representative Slamp, of the ninth district, who is also chairman of the republican state executive committee. Judge Taft looks with some favor on the rally and will, upon his return from Cincinnati, consider fixing a date in August for its occurrence.

He coincided with the view expressed by the delegation that good politics dictated that an active campaign be made not only in the Old Dominion, but also in North Carolina and Georgia.

"If I have any influence with the national committee," Judge Taft is quoted as saying to the delegation, "a fight will be made in these states."

HOWARD IS BEING BOOMED.

Alabama Man May Be Nominee of the Hearst Party.

Chicago, July 23.—While the bulk of delegates to the convention of the independence party, which will be called to order Monday next, will not arrive until Saturday or Sunday, a small advance guard already on the field has started gossip of presidential candidate possibilities.

Among those now here are W. F. Diffendorfer, member of the national committee from Oklahoma, and James B. Drake and M. W. Howard, national committeemen from Alabama. L. A. Fealey, of Alabama, will be on the scene Saturday with his speech, urging the convention to choose Mr. Howard, who is a former congressman, as the standard-bearer of the new party. Another candidate whose good showing in the gubernatorial race in Massachusetts has made him the favorite of many of the delegates is Thomas L. Higen. If Higen is selected a strong effort will be made to place Howard's name second on the ticket.

BRIEF DISPATCHES.

A monument to the confederate dead has been unveiled at Hawkinsville, Ga.

The battleship fleet has completed its stay at Honolulu and resumed its trip around the world.

During a fire at Altoona, Pa., three persons were electrocuted by live wires which dropped to the street.

Ralph Cheshire, an Atlanta newspaper worker, who has been located in Washington for many years, is dead.

It is announced that the king of Sweden will pay official visits to England and France in October and November.

Sir William Randall Cramer is dead at London. He was born in 1838. He was for many years a member of parliament.

Inquiries fail to substantiate the statement concerning the plot against King Leopold. On the contrary, it is pointed out by officials that the king mixed freely with the crowds during the independence day fêtes and that he attended a tea dance without an escort.

The Turkish embassy in Paris gives formal denial to the report that Turkey has recorded its adherence to the triple alliance. The accompanying rumors regarding the succession to the throne of Turkey and the marriage of the Prince Imperial also were denied.

45 BULGARIANS KILLED.

Constantinople, July 23.—It is reported from Monastir that the whole Odrin district has declared in favor of the revolutionary movement and that great bands are committing serious depredations in the villages near Monastir.

Twenty-five Bulgarians were killed at Kharashka and thirty at Belpliska, both villages being burned.

COLLIDED IN A FOG

President's Yacht, May Flower, Sinks a Schooner.

ALL THE CREW WAS SAVED

No One Was Injured, and President, Who Was on Board, Did Not Know of the Accident Until the Following Morning.

Newport, R. I., July 23.—The president's yacht Mayflower, with the president on board, in a dense fog on Tuesday night, ran into and sunk the lumber laden schooner Menawa. All on board the schooner, consisting of the captain and five men, were taken aboard the Mayflower.

The president's yacht had her bowsprit and one anchor carried away, but the jar of the collision was so slight that none of the president's party knew of the accident until they arose Wednesday morning.

The Menawa belonged to C. G. Pendleton, of Islesboro, Me. The collision occurred at about 1:15 a. m., when the Mayflower was between New London and New Haven.

As soon as the Mayflower arrived here, the following dispatch was sent:

"Newport, R. I., July 23.—To Hon. William Loeb, Jr., secretary to the president, Oyster Bay, N. Y.—The president and party arrived at Newport at 10 o'clock. The Mayflower was in collision with schooner about 10:15 o'clock. No one was injured. Everybody aboard the schooner rescued. The president was not informed and knew nothing about it until he got up Wednesday morning. J. L. McGraw."

SANDITS ATTACK SALOON.

Three Men Shot Down in Attempt to Loot Boston Barroom.

Boston, July 23.—Three men armed with heavy caliber revolvers, dashed into a crowded Jamaica Plains barroom ten minutes before closing time Tuesday night, and yelling "hands up," began shooting up the place.

When they grabbed the money till and emptied it, and had finished looting and made their escape, one man was dead on the floor, another lay dying, and a third was seriously wounded.

Dashing out the door the men were met by Officer C. S. Butler, who drew his revolver and began firing on the desperadoes. One man was hit, but all escaped.

The dead man is Frank J. Drake, aged fifty-two years. Patrick Doran, aged forty years, is dying at the city hospital with a bullet wound in the abdomen, and Thomas Winteds, one of the proprietors of the saloon, is suffering from bullet wounds in the back of the head and arm.

The saloon, which was the scene of the shooting, is run by Winters & McManus, and is situated at the corner of Washington and Boylston streets, in Jamaica Plains, in a thickly settled part of the city.

NEW ROAD FOR COLUMBUS.

Proposed Shorter Line from that Place to Montgomery.

Columbus, Ga., July 23.—At a meeting of a committee from the Columbus board of trade, appointed to investigate the advisability of building a railroad in a westerly direction from this city, it was decided to apply for a charter for the Montgomery and Columbus railroad.

The proposed road will be 78 miles long and will extend due west from Columbus to Montgomery, Ala., via Crawford, Marys, Society Hill, Tuskegee and other towns.

The road would be shorter to the Alabama capital by 22 miles than any existing route and will also shorten the distance to New Orleans and Mobile. It has not yet decided whether the road will be steam or electric.

Sale of Timber Land.

Macon, Ga., July 23.—B. F. O'Neil has sold to Macon & Fulton Lumber company a tract of timber land in Crisp county, Georgia, for the sum of \$500,000.

EARL LOVE SUSTAINS PAINFUL ACCIDENT

Was On His Way to Trenton When Injury Occurred.

HIS NOSE WAS BADLY BROKEN

Head Also Crushed and the Horse He Was Riding Had to Be Killed. His Companion Escaped With Very Slight Injury.

As a result of an accident, Earl Love, a lad of some sixteen years, and a son of Mrs. T. J. Love of Trenton, is now confined to his bed with injuries which will last him for some time.

In company with Otis Turner, another young man of that place, the two were on their way to the post-office and were riding in a galloping speed when the accident occurred Wednesday night about 8 o'clock.

When about a mile from Trenton they ran into a wagon, which was loaded with a large boiler and which had been left in the public road by Hardy Bros., who are putting up a sawmill in that section.

Young Love's horse ran into the obstruction, throwing Love against the iron monster with sufficient force to crush his skull, break his nose, and otherwise badly bruise and disfigure him. The horse he was riding was so badly injured it was found necessary to kill the animal to put him out of his misery.

Young Turner, who was accompanying him, was uninjured, as his horse evidently saw the obstruction and shied to one side of the road just in time to avoid the danger that was awaiting them.

Dr. O. S. Clyatt was summoned and rendered medical assistance, it requiring some time to dress and sew up the many wounds Love received.

While his injuries are not serious it will disfigure him for life and he will be compelled to remain quiet for some weeks to come.

His Prisoner Escaped.

Detective C. C. Harden, of the A. C. L., who passed through the city Wednesday with a negro prisoner wanted for the larceny of some whiskey from a box car in Levy county, failed to land his man behind the bars, as the following notice from The Times-Democrat explains:

"Three pistol shots rang out on the still air as the train rolled into the station Tuesday night. An A. C. L. detective was attempting to bring a negro car thief to the county jail, and as the train stopped the prisoner took leg bail. The detective gave chase, and when opposite O. J. Farmer's residence he pulled down on the fleeing figure without effect. The wild bullets sang uncomfortably near Assessor Coulter, who was sitting on the porch of his residence."

Keep Out

The Flies

Screens and screen doors are a necessity now.

Keep the flies and mosquitoes out of the house.

A few dollars expended in screens will add comfort to your home out of all proportion to the small necessary expense.

NEWS OF CITY AND COUNTY CONDENSED

Attention is directed to the change in the advertisement of The Dutton Bank. This is one of Gainesville's oldest institutions and it is substantial and has a large patronage.

Ell Futch, who has been traveling West Florida for the past few weeks in the interest of a fertilizer factory, has arrived in the city and will spend several days visiting his parents and friends.

Advices received from Mrs. W. H. Robertson and her two daughters, Misses Emma and Gertrude, are to the effect that they are now located at Rutherfordton, N. C., up in the mountains, where they will spend several weeks before proceeding to other points of interest.

Miss L. K. Pierson of Danville, Va., arrived in the city yesterday from Daytona, where she has been spending some time visiting her brother, Dr. J. H. Pierson. She will visit the family of her uncle, J. H. Jarvis, for a few days before proceeding to her Virginia home.

The ladies of the W. C. T. U. will hold a Mothers' Meeting at the residence of Prof. T. F. McBeath this evening. It is hoped that all who can will attend, as this will be a farewell entertainment to the family of Prof. McBeath, and as many of the men folks as can are also urged to be present.

W. T. McLendon, the watermelon man of Alachua, was here yesterday. He says that the dry weather interfered a great deal this season with his melon business, and that he only shipped thirty-five cars during the season. Prices were very unsatisfactory and he hardly cleared expenses on the crop.

Prof. J. L. McGhee, son of Mrs. B. E. Tallant of this city, who has been teaching in Columbus, Ga., for several years, has just received an appointment as teacher of science in the Emory and Henry College of Virginia. Prof. McGhee has many friends and acquaintances in this section to whom this will prove gratifying news.

Today closes the Summer Normal. This term has been most pleasant and profitable. Very many of the teachers in attendance have had their salaries materially raised. The examinations for State primary certificates begin this morning and conclude tomorrow. The examination for senior high school certificates will begin next Monday morning.

A letter received from Capt. J. W. Ettel, who is now sojourning with his wife in the old country, bears the information that they are en route to the American shore. They will arrive at Bremen, Germany, about August 8th and after a short stay there will sail for New York. Mr. Ettel mails some interesting souvenir post-cards from that far-away land to friends here which are interesting and amusing.

ANOTHER TIGER MAN CAUGHT IN THE ACT

Chas. Player Confesses His Guilt to Marshal B. T. Arnow.

GOT SEVENTY-FIVE CENTS PINT

Found Three Full Pints, One Full Quart and Some Twenty-five Empty Bottles Awaiting Their Turn to Be Filled.

Marshal Arnow has again added new laurels to himself by arresting Chas. Player, another "tiger," and which it is alleged has been in operation for the past several months.

The marshal has been suspecting the place and yesterday having seen what he thought was good evidence laid in wait last night behind the barber shop of Wm. Burton, when he saw the transaction made and the money paid over to Player.

The purchaser, a Mr. Roberts, paid 75 cents for the "booze" and after handing over the money the two took a drink just as the marshal walked in on them.

Player, who is employed by Wm. Burton as a barber, acknowledged to the officer that he had sold the whiskey. Officer Zetrouer assisted the marshal in searching the place, when they unearthed three pints, one quart and about twenty-five empty bottles, all labeled and only waiting to be filled.

G. B. Burhans Testifies After Four Years.

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick-dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." J. W. McCollum & Co.

Have Returned from Atlanta.

Mrs. J. Runkle, Miss Clara Runkle, Mrs. J. A. Naftzgar and little daughter, have all returned from Atlanta, where they went several weeks since for the purpose of taking the Pasteur treatment for hydrophobia, which it was thought they were liable to have when they left the city. Even though no symptoms developed, they all took the "cure," and returned home feeling sure that now there could be no possible danger. They enjoyed their stay in the Georgia city and say the trip proved a pleasant outing for the entire party.

War Against Consumption.

All nations are endeavoring to check the ravages of consumption, the "white plague" that claims so many victims each year. Foley's Honey and Tar cures coughs and colds perfectly and you are in no danger of consumption. Do not risk your health by taking some unknown preparation when Foley's Honey and Tar is safe and certain in results. The genuine is in a yellow package. J. W. McCollum & Co.

NOTICE.

Take notice that I will, on the first Thursday of September, A. D. 1908, or as soon thereafter as I may be heard, apply for a pardon for Igom Anderson, who was convicted at the spring term of the circuit court of Alachua county, Florida, in 1905, of man-slaughter. Anyone desiring may then be heard on the merits of the application. WM. C. HODGES, Attorney for Petitioner.

A Golden Wedding

Means that man and wife have lived to a good old age and consequently have kept healthy. The best way to keep healthy is to see that your liver does its duty 365 days out of 365. The only way to do this is to keep Ballard's Herbine in the house and take it whenever your liver gets inactive. 50 cents per bottle. Sold by W. M. Johnson.

NEW WHOLESALE LUMBER BUSINESS

Geo. P. Long Will Be Manager of Latest Gainesville Enterprise.

WILL HANDLE WHOLESALE ONLY

Gainesville the Best Inland Town of the State and Particularly Convenient for Such a Business—New Concern Getting Ready for Trade.

Gainesville is to have a new wholesale lumber business, which will be known as the Long Lumber Company, and they will begin business at once. Geo. P. Long, the manager, was connected with the Gainesville Planing and Coffin Company here for many years, and claims that this city is admirably situated for the convenience of such a business.

He has disposed of all his interests in the coffin factory and will devote his entire time and attention to the new business. Considering the fact that times are again looking up Mr. Long predicts that it will not be long before lumber will be in as great demand as it was at this time last year, and in fact for the past several years.

His business will be strictly of a wholesale nature, and no small drop orders will be filled—only car lots and over. He expects to handle business from not only this State, but from all over the country.

A Delightful Party.

Thursday afternoon, at her home on South Roper avenue, Miss Lena Laid tendered a farewell party in honor of her visiting friend, Miss Gertrude Westgaard, of Miami, who will leave for her home Saturday.

Many young lady friends of the hostess and guest of honor were present, and all had been invited to bring their sewing, as this was a feature of the event.

Delicious refreshments were served, consisting of a salad course, ice cream and cake, and altogether the afternoon was most pleasantly spent. Miss Westgaard formerly resided here, and her visits are always a source of much pleasure to her many friends.

Card of Thanks.

We beg through the columns of our valuable paper to express our heartfelt thanks and warmest love to many thoughtful friends who, by words of comfort and acts of love, did so much to comfort and console us in our sorrow, and to the thoughtful ones who furnished flowers, we will ever remember in grateful appreciation.

REV. MARVIN H. NORTON,
MRS. CORNELIA KENNEDY AND FAMILY.

Summer Comfort

When Nature has put on her new dress and shames your old furniture and shabby draperies is the time to visit our store and see the many new and beautiful designs in light Summer or all around Chairs, Divans, Rockers, Sofas and all kinds of Dining-Room, Chamber and Parlor Furniture.

House-cleaning time is at hand, and you will be glad to have some of our bargains. We want you to come and look goods over.

Gainesville Furniture Co.

CUTICURA CURED MOTHER AND BABY

Southern Woman Suffered With Itching, Burning Rash—Drove Her Nearly Crazy—Her Baby Had Sore on Neck, and Two Other Babies Had Skin Troubles—Calls

CUTICURA A STAND-BY THAT NEVER FAILS HER

"I just can't say enough for the Cuticura Remedies. I can't find words high enough to express my thanks to God for hearing of the wonderful remedies. My baby had a running sore on his neck and nothing that I did for it took effect until I used Cuticura. My face was nearly full of better or some similar skin disease. It would itch and, after scratching, it burned so that I could hardly stand it. Two cakes of Cuticura Soap and a box of Cuticura Ointment cured me. Two years after it broke out on my hands and wrist. I cured it for a while, but it came again in the summer. Sometimes I would go nearly crazy for it itched so badly. I used ten dollars' worth of so-called blood medicines which did no good at all, then I went back to my old stand-by, that had never failed me. One set of Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent did the work. One set also cured my uncle's baby whose head was a cake of sores, and I know of another woman's baby who was in the same fix and nothing else did any good. I speak a word of praise for Cuticura whenever I see a case that needs it. Mrs. Lillie Wilcher, 770 Eleventh St., Chattanooga, Tenn., Feb. 16, 1907."

CUTICURA OINTMENT

The World's Greatest Skin Cure and Purest and Sweetest of Emollients.

Cuticura Ointment is one of the most successful curatives for torturing, disfiguring humors of the skin and scalp, including loss of hair, ever compounded, in proof of which a single anointing with it, preceded by a hot bath with Cuticura Soap, and followed by mild doses of Cuticura Pills, is often sufficient to afford immediate relief in the most distressing forms of itching, burning, and scaly humors, eczemas, irritations, and inflammations, permit rest and sleep, and point to a speedy cure when all else fails.

Sold throughout the world. Foster Drug and Chem. Corp., Sole Props., Boston, Mass. 50¢ Post Free. How to Cure Skin Humors.

THE SEVEN OLD MAIDS.

The seven old maids of Lavender Town

Will arrive here Friday in their lavender gowns;

They are going to perform some wonderful feats,

At the Armory on E. Main street.

To know these maids is an honor rare—

Some are old and homely, some are fair;

But all are cultured, refined, and renowned,

Those seven old maids from Lavender Town.

The B. Y. P. U. are to have them as guests

From wooing old bachelors to give them a rest;

They are due to arrive about eight or nine—

To give our boys and girls a jolly good time.

Seven by Seven is the game they will play,

It will be seven cents to enter and seven to stay;

Seven cents to come, and seven to go, Seven for each old Lavender Maid you know.

But you must not fail to witness the fun.

Which will be that night when the old maids come;

Music and joy; mirth, laughter and food.

For each one present not in a bachelor mood. S. B. R.

Goodwin Has His Troubles.

Ticket Agent Goodwin of the A. C. L. has his share of trouble on the arrival of trains 39 and 40, and it is remarkable that he is able to accommodate the crowds at all. A large majority of the passengers always wait until they hear the train blow before they attempt to buy their tickets, which makes the run at the last minute so great that no one man could attend to it. Under the new ruling all railroads have to be pulled by him instead of the conductor.

This takes up an enormous amount of time, and for the past few days he has been compelled to hold the trains for a few minutes to accommodate the traveling public with tickets. He advises them to either come on time in the future, or be assessed the extra fare that the conductor will charge.

THE MILLAGE WILL REMAIN THE SAME

The State and County Combined Will be Eighteen and Half Mills.

COUNTY SCHOOLS GET SEVEN

County Commissioners Assess Same Millage as Last Year—Surplus in Both General and Fine and Forfeiture Funds.

The County Commissioners, after a session lasting three days, adjourned Thursday afternoon until their next regular meeting.

They met for the purpose of receiving the assessor's books, equalizing the tax rolls for the year 1908 and making the general assessment for the county.

After much argument the assessment was allowed to remain as it was last year, as follows: For county schools 7 mills, county roads 4 mills. No levy was made for the fine and forfeiture and general funds, as both these have a surplus.

The State assessment is 7½ mills, which gives a total for the State and county of eighteen and a half mills.

Several pieces of property were raised and some reduced by the board at this meeting.

AT THE HOTELS

M. Liddon of Ocala is stopping at the Brown House.

F. M. Murray of Ocala is registered at the White House.

A. B. Harrington of Cincinnati is among the guests at the White House.

J. A. Reid and W. H. Norton of Jacksonville are guests of the Brown House.

A. U. Tomlinson of North Carolina is among the guests at the White House.

H. A. Beason of Rome, Ga., is comfortably located at the Brown House.

J. W. Harris, a prominent fire insurance man of Atlanta, is at the White House.

C. O. Fox of Ocala, who represents a large drug house, is registered at the White House.

Paul G. Brooks, the "get there" representative of a large Baltimore hat firm, is at the White House.

R. W. Nelson, representing the Lynchburg Shoe Company, Lynchburg, Va., is at the White House.

H. C. Williams, the bustling representative of Swift & Co., Jacksonville, is at the White House.

E. L. Hulme, the popular solicitor for Van Deman & Co., wholesale groceries, Jacksonville, is at the White House.

Will Wed in 'Frisco.

In a letter received by relatives in this city, Harvie McCormick, of the U. S. Steamship Tennessee, conveys the information that he will wed Miss Ethel Cramer of San Francisco about the 20th of August, just before his departure to Samoa. His wife will remain in the Western city until fall, or about Xmas time, when she will visit Gainesville.

Remains Laid to Rest.

A large concourse of sorrowing friends and relatives accompanied the remains of Mrs. Charlotte Kennedy Norton to Evergreen cemetery yesterday morning, where they were laid to rest. The floral offerings by their friends were many and handsome, completely covering the grave.

A Contented Woman

Is always found in the same house with Ballard's Snow Lintment. It keeps every member of the family free from aches and pains, it heals cuts, burns and scalds and cures rheumatism, neuralgia, lumbago and muscular soreness and stiffness. 25c, 50c and \$1 a bottle. Sold by W. M. Johnson.

PRIVATE BOARD

At Blarney Castle, on the beach. Wide veranda facing ocean. Terms reasonable. Apply to Miss E. M. Apthorp, Daytona Beach, Fla.

WANTS..WANTS..

5c PER LINE

Each insertion, but no advertisement taken for less than 20 cents. Six words make a line; no fractional lines, every word over each six counting as an additional line. CASH in advance must accompany all orders for insertions in this column.

WANTED.

Don't forget us when you are looking for the best in Groceries, Staple and Fancy, the leading brands of Canned Goods, Etc.

W. S. DORSEY & COMPANY

Pure Food Grocers,
Both Phones. 120 W. Liberty St.

...THE WHITE HOUSE...

Gainesville's New and Up-to-Date Hotel

"Gainesville needs a FIRST-CLASS HOTEL,"

Said the Traveling Men LAST YEAR.

Well, go to THE WHITE HOUSE—

It's up to you, Boys; "IT'S HERE."

James Van Allen, Proprietor

Are YOU Being "Hunted?"

One of today's want ads. may be hunting you—ransacking the city for you. It may have a message for you of urgent personal importance—one that, when you get it, and heed it, may change the immediate currents of your activities, of your interests—may even place around and about you new environments, new associates; may give you an entirely new start in a business way.

Isn't it worth while to try to find out whether this may not be true—today, tomorrow, or very soon!

FOR RENT.

HOUSE TO RENT—Apply to J. B. Davis.

TWO FURNISHED ROOMS for rent at Daytona Beach. Address Lock Box 54, Gainesville, Fla.

FOR RENT—Eight-room house on Alachua avenue; bath and electric lights. Apply August Wenske.

FOR RENT—One five-room cottage in South Gainesville. City water, grape arbor and fruit trees. Apply at Boulware's store or Sun office.

FOR RENT—Cottage on corner of Orange and Arredondo streets. Has all modern conveniences—gas, electric lights and sewerage. E. Baird.

WANTED.

WANTED—To rent—Five or six-room cottage, or flat, not more than three blocks from square. Apply Sun office.

SITUATION WANTED.

WANTED—Lady stenographer desires position; takes dictation and is rapid typewriter. Address S. E. B., Sun office.

FOR CAMPING SUPPLIES

Haste hither, or take your time if the outing is several days off. We have everything worth carrying to your pleasure ground—High-grade Potted Meats, Salmon, Sardines, etc.; Fruits and Berries in jars; many kinds of Crackers, of Cheese relishes, etc., for your luncheon hamper. SAUNDERS & EARLE.

Continental Restaurant...

Rutherford & Fagan, Prop'rs.

Ground Floor, Next to Postoffice—Conveniently Located. Yet Private.

Choice Steaks and Chops, Drip Coffee. We employ one of the best "chefs" in the business—no boy or inexperienced cook. The best equipped and oldest restaurant in the city. If you want real cooking by a REAL COOK WHO KNOWS HIS BUSINESS, give us a call—nothing the market affords you can get here.

We do not provide something for nothing, but something for your money. KRAUTER MEALS. Special rates by the week. Place for ladies, gentlemen and children.

The Sun

Entered at the Post Office at Gainesville, Fla., as second-class mail matter.

H. M. MCCORMARY, Editor and Publisher

F. M. PREWITT, Supt. Composing Rooms

OFFICE: HAYMAN BLOCK

205 W. Main Street, S. Telephone 279

THE DAILY SUN, published every morning except Monday, delivered by carrier in the city, or mailed to any part of the United States, postage free, for \$5 a year; \$2.50 six months; \$1.25 three months; or 50 cents for five weeks—strictly in advance.

Reading notices in local column 10 cents a line for first insertion, and 5 cents for each additional insertion.

Rates for display advertising made known on application.

The Twice-a-Week Sun is an eight page, forty-column paper, published every Monday and Thursday, and contains all the news of the week, local, state and general, and will be mailed, postage free, to any part of the United States or Canada, for \$1.00 a year—in advance.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, FLA.

As suggested by Col. W. J. Bryan, Democratic candidate for President, The Sun will receive contributions to the Democratic campaign fund, and forward same to the National committee. No subscription of less than one dollar will be received, and the names of all contributors will be published in The Sun, unless otherwise requested. Receipts for all money forwarded to the National committee will also be published. Send in your subscription and help the cause. The committee "needs the money."

Even poor advertising does not wholly fail—while good advertising "makes" any deserving enterprise.

To prove that he believes in "free raw material" Mr. Bryan handed some of it to Col. Guffey at Denver.

The campaign is on in earnest now that Col. Watterson has begun writing seven-column paragraphs on the situation.

You are paying more attention to something else than to your advertising? Is there a ghost of a "reason why?"

The Bryan enthusiasm at Denver was a mere zephyr to what it will be in Washington the 4th of next March.

Cost of living 29 per cent higher in the last few months, and yet the Republicans have the nerve to think they can elect Taft.

An Eastern physician claims to have discovered the "grouch" germ. He must have had Tom Johnson or Col. Guffey for a patient.

It is significant, if not strange, that no one proposed Alton Parker for second place on the ticket with William Jennings Bryan.

It must jar the "Sunshine Club" to hear the report from the labor leaders that 84,000 men are still unemployed in the building trades.

Castro sees President Roosevelt's bluff and has recalled his ministers to Washington. Let us have peace, or we may get the bubonic plague.

The United States Treasury officials, if they have not joined the "Let Us Alone Society," still it appeals to them strongly as it does to all the Republican politicians.

Col. Guffey has recovered sufficiently from his injuries received in the contact with the steam roller at Denver to express his fears that Pennsylvania will go Republican this year.

The colored men of New York have organized a "Negro Anti-Trust and Tariff Reform League." In this they seem to have more political sense than the white voters have as far as heard from.

The newly chosen secretary and chairman of the National Republican Committee are both graduates of Harvard. That ought to insure good team work when they pull together for Taft, who was a graduate of Yale.

PUTTING SAWDUST TO USE.

Sawdust is one of the puzzling wastes in lumbering operations. The waste is serious, too, for the kerf—the part cut out by the saw in the mill and transformed into sawdust—always bears a rather high ratio to the boards obtained. In cutting thin stuff, one-fourth of the log, or even more, may be kerf.

Efforts to turn sawdust into pulp for the paper mill have usually been unsuccessful on account of mechanical difficulties in handling. In several European countries, however, a new way has been found of turning sawdust to account. The sawdust, chiefly pine and fir, is ground with millstones, exactly as old-time mills made cornmeal, or wheat or rye flour. Expensive machinery is not required, but it is necessary to take special precaution against fires which might start from sparks between the millstones.

The sawdust flour is sold to the dynamite factories to be mixed with nitroglycerine and forms the body or absorbent for that high explosive. It is also in demand for the manufacture of cheap blotting papers. The mills in the Harz mountains, Germany, an important manufacturing center, are kept busy meeting this demand.

The price of the "flour" in Germany ranges from \$7.50 to \$12.50 a ton. It is shipped in bags, like meal, or in bales of about 40 cubic feet, made by means of high pressure.

The editor of The Sun was discussing Gilechrist's phenomenal victory with a friend the other day, and the reasons therefor. Our friend attributed the result of the primary, in a large measure, to the two preachers who took such an active part against Gilechrist and got themselves into a "hole" from which they could not crawl out; but when we expressed the opinion that Gilechrist's personal canvass of every county in the State, in which he met "face to face" nearly every voter, had most to do with his success, he readily agreed with us. You could ask most any man if he knew Gilechrist, and his reply would be: "Yes, I have met him personally," many of them adding: "and he looks good to me." Campaign speeches are all right in their way, but they do not accomplish half so much as mingling with the people, and being one of them.

The increase in freight rates which the railroads will put into effect on September 1st will not tend to increase trade. The claim of the railroad officials that they must increase rates or reduce wages is fallacious. If the merchants have to pay ten per cent increase in freight on the necessities of life is it not reasonable to conclude that they will add equally as much (and generally double) to the price of their goods, thus increasing the cost of living? If so, then how will the laboring man be benefited by the railroads increasing rates and maintaining wages? If prosperity is returning, as claimed by the Sunshine Club, there is no excuse for the railroads increasing freight rates, as they will soon be earning as much as formerly.

F. M. Hester, who was for many years the efficient justice of the peace at Archer, but who removed to Williston some years ago, has been elected mayor of that town. His old Alachua county friends extend congratulations upon his being elected to such a responsible position in that rapidly growing little city.

Mr. Sheldon, Taft's choice for treasurer of the Republican committee, believes money from the trusts and corporations is not "tainted." We expected as much, and later on expect to hear there are no malefactors of great wealth if they contribute freely.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O. We, the undersigned, have known F. J. Cheney for the last fifteen years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligation made by his firm.

WALDING, KINNAN & MARVIN, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75c per bottle. Sold by all druggists. Take Hall's Family Pills for constipation.

The gigantic task of counting all the stars in the heavens and assigning to each its proper magnitude is one that demands the quality of almost infinite patience, and without the art of photography the task would be almost impossible. Photographic plates covering the whole of the Southern Hemisphere have already been secured, and these with the series dealing with the Northern Hemisphere will number more than 200. Each plate, which is 15 inches square, records from 20,000 to 250,000 starry images, and on a rough calculation the total number of stars photographed will be about 23,000,000. The task of counting the stars on the plates has already been commenced, and this work, together with the cataloguing, will take at least 10 years.—From August number of Popular Mechanics.

Lee is one of the few counties in Florida in which there is any evidence of Republican activity. On this subject The Fort Myers Press says: "The Republicans of this county are soon to hold a meeting, so we are told, to nominate county officers. While some may think there is no danger in this move, it is a wise policy to be prepared to meet all comers, and the Democrats should stand together and make a strong fight."

Georgia peach growers have not received satisfactory returns for their crop this season, and many of them have canned the bulk of the fruit. Neither did the Florida growers reap a harvest of dollars from the peach crop, the recent panic being assigned as the cause for the low prices.

The New York stock market is so entirely in control of the Harriman and Rockefeller interests that everyone else should let it alone. Let the frenzied financiers fight it out, for with them it is a case of "dog eat dog," but for others it is dog eat lamb.

Twelve mysterious checks were received by Treasurer Sheldon when he was conferring with Taft at Hot Springs, but you will have to wait until "after election" to know the names of the malefactors of great wealth who thus contributed.

Judge Taft says there will be real publicity "in" the campaign, but Treasurer Sheldon says "after" the campaign is over. But Taft, of course, will know nothing about campaign contributions.

The Democrats who have been mentioned for the Vice-Presidency are now planning to use a prestige to enable them to get into the Legislature back home.

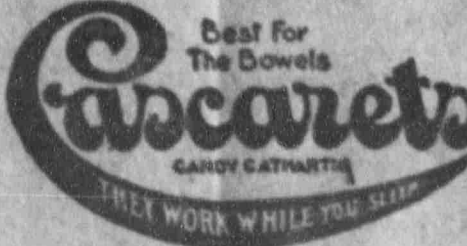

Was in Poor Health for Years.

Ira W. Kelley of Mansfield, Pa., writes: "I was in poor health for two years, suffering from kidney and bladder trouble, and spent considerable money consulting physicians without obtaining any marked benefit, but was cured by Boley's Kidney Cure, and I desire to add my testimony that it may be the cause of restoring the health of others." Refuse substitutes. J. W. McCollum & Co.

PIMPLES

"I tried all kinds of blood remedies which failed to do me any good but I have found the right thing at last. My face was full of pimples and blackheads. After taking Cascarets they all left. I am continuing the use of them and recommending them to my friends. I feel like when I rise in the morning, I go to have a cascade to recommend Cascarets."

Fred C. Witter, 26 Elm St., Newark, N. J.

Pleasant, Palatable, Potent, Taste Good, Do Good. Never Sickens, Weakens or Grips. 25c. 50c. 10c. Sold in bulk. The genuine label stamped U. C. C. Guarantee to cure or your money back.

STATE NEWS IN BRIEF

Ponce de Leon laundry building of Augustine was struck by light Monday afternoon and badly damaged.

The Jacksonville Board of Trade appropriated \$1,000 for advertising Jacksonville and its resources in various sections of the country.

L. Padgett of Highland had on a tomato that grew on his place without the use of fertilizer which weighed 15 ounces.

The Eustis Hardware and Furniture Company of Eustis are having a store building erected which, when completed, will be one of the largest in South Florida.

Mo has just entered her second year of municipality. Much progress made during her first year, and all hope that the second year will even greater strides.

Work on the Schantz electrical plant at Daytona is rapidly progressing. About sixty men are steadily working on the building. The building is to be a large brick building. The mammoth boilers of 150-horsepower each will be installed.

Last Sunday morning the Lake Lumber Company's saw, planing and lathe mill was destroyed by fire, the origin of which is unknown. The mill was located between Lake Parker and Lake Deason, a few miles north of Lake Wales. The loss was total, there being no insurance.

On Saturday morning, Edward W. of New Bedford, Conn., who had become weary of the vicissitudes of life, tried to end it all by drowning in Lake Lucerne. He weakened, and was helped, and Mr. Knox and Mr. Gore came to his rescue. Later he was raised and a ticket purchased to send him back East.—Orange Sentinel.

Dr. D. D. Gibbons of Crystal River is having erected a large oyster factory on Gibbons Island, in the mouth of Crystal River, and expects to have same in operation by November 1st. The capacity will be 3,000 oysters a day and will give employment to about 25 persons. He will also grow fruit and vegetables in their season, if there is enough produce to warrant same.

Oranges are beginning to move in large numbers now from the Florida market. The most of the fruit is disposed of to the commission men of the north. The fruit is selling well and growers are getting a good price for it. While trade in limes is a comparatively new business, it comes to grow each year and will in the near future be one of the principal crops of that section of the State.

Daytona seems to be in the midst of a building boom. Besides a new factory and a new laundry in progress of construction, the jail, which was partially destroyed by fire a few days ago, will be rebuilt at a cost

DAYTONA BEACH HOTEL

Daytona Beach, Fla.

J. S. H. KEATING, Owner and Mgr

Open the year round. New building. Directly on the ocean. Opened March 1st, 1908. Electric lights. Bells in every room. Running water. Bathing rooms. Most desirable location on the beach. Rates conforming with first-class, hotel service.

SPECIAL RATES DURING SUMMER

of \$10,000. The building will be constructed of brick. And to add to the rest the Standard Oil Company is erecting a large oil tank with a capacity of 18,000 gallons and a gasoline tank of the same capacity.

A large acreage is being planted in sweet potatoes in this section this season, and if the rainy season continues the acreage will be larger than for several years past. Fifteen years ago sweet potatoes brought from thirty to sixty cents a bushel. Now they bring from eighty cents to one dollar and a half a bushel and they are always scarce in this market. There is good money in sweet potatoes at fifty cents per bushel.—New Smyrna Breeze.

The New York Maritime Register has the following to say in regard to the Fernandina harbor: "As the furthest South deep-water port on the Atlantic Coast, and the nearest to the great channel of navigation flowing out of the Gulf of Mexico, Fernandina offers the greatest advantages to Southern steamship lines as well as to the Western and Southwestern railway system. It has depth of water, expanse and depth of harbor, second to no port on the South Atlantic Coast."

With the determination of holding Florida products for Florida ports, a company with a capital stock of \$3,000,000 is now being formed in Jacksonville. The board of trade with a membership of 522, at a meeting when over 300 were present, unanimously indorsed the project and appointed a committee to solicit subscriptions for stock. This committee consists of fifty progressive citizens and their possessions represent many millions of dollars. The railroad commission has given assurance that there will be no discriminating rates in favor of other ports.

Just south of the Caloosahatchee river, opposite the lands of the McAdow turpentine company, there has been discovered an immense deposit of metallic pigment, said to be 95 per cent proof, which is shortly to be developed by some Tampa gentlemen, who claim that they have a great fortune in this property. The deposit is said to be the finest material in the world for red and yellow paint; that, in fact, it is almost pure paint of the most valuable kind. Thus are new additions being constantly made to the resources of Florida to prove the unrefuted and undisputed claim that this State, in the matter of attractions, advantages and resources, surpasses any other territory of equal area on earth.—Punta Gorda Herald.

R. L. Mills, who owns a nice orange grove west of the city, is a great believer in the fertilizing properties of the loggerhead sponge and he is constantly making experiments with it. Yesterday he brought in a large lot of sponges and will have them mixed with other things to put around the trees. It has long been known that the loggerhead sponge was rich in animal matter and on the keys the farmers have made use of them for many years in the cultivation of their crops. Near Cape Florida, and in fact all along the ocean beaches, they can be found in inexhaustible quantities. Mr. Mills is confident that the use of the sponges as a fertilizer for citrus trees will become general as soon as the owners of groves find out how beneficial they are to all trees and plant life.—Miami News-Record.

SHERIFF GETS REWARD.

Negro Captured Who is Wanted by the Georgia Authorities.

Mobile, Ala., July 23.—A Pensacola, Fla., special says:

"Bill" Brunner, a negro who killed a white man named W. W. Sutherland in Coffee county, Ga., in August 17, 1901, was arrested here by the sheriff and the Georgia authorities notified. Brunner admits his guilt, and states that he has been working for a number of years as a turpentine hand in this county. A reward of \$200 will be received by the sheriff for making the capture.

Sun office for calling cards.

Lard has been in existence a long time—so has indigestion

Human nature is hard to solve. People who are most particular about adapting the weight of their wearing apparel to the season and its conditions, who never think of going out in a storm without an umbrella and rubbers, who would not sit in a draft for a farm, will day after day eat lard-soaked food and not realize for an instant that it is clogging their whole inner machinery and likely to result in a full-fledged case of indigestion.

Lard is produced from hog-fat, sometimes impure, always indigestible, and there's a good day coming when no one will think of using it

for cooking. *Cottolene* is the only rational frying and shortening medium in the world. It is made from refined vegetable oil and choice beef suet—everything about it is digestible and conducive to health.

It is a product of Nature.

It will make pure, palatable, healthful food, and food which anyone can eat and enjoy without the after-pangs of a disordered stomach.

Try *Cottolene* once and you'll never more be a friend to lard.

Cottolene is Guaranteed We hereby authorize your grocer to refund your money in case you're not pleased after having given COTTOLENE a fair test.

Never Sold in Bulk COTTOLENE is packed in pails with a patent air-tight top, to keep it clean, fresh and wholesome; also to prevent it from absorbing the disagreeable odors of the grocery, such as fish, oil, etc.

Cook Book Free We shall be glad to send any housewife, for a two-cent stamp, our new "PURE FOOD COOK BOOK," edited and compiled by Mrs. Mary J. Lincoln, author of the famous "Boston Cook Book." Address

THE N. E. FAIRBANK COMPANY, CHICAGO

Nature's Gift from the Sunny South

TO OVERHAUL LINERS.

Two Big Ships Will Go Out of Commission Soon.

New York, July 23.—The Cunard liner *Mauretania*, which sailed Wednesday for Liverpool, will still be under three propellers. It has been decided not to use her port forward turbine until she has been put in dry dock in November. After November 1, the company will discontinue the Wednesday sailings from New York to Liverpool until next Spring and run only the regular Saturday service.

Both the *Mauretania* and the *Lusitania* will be taken off for two months for a thorough overhauling, so that they will be ready to go into commission again in January. There is no necessity, the officials say, to run such big liners in the Atlantic trade in mid-winter, as the passenger traffic in all classes is then at its lowest ebb. Besides, it is necessary to examine such fast steamships thoroughly at regular periods, the strain being much greater on their hulls than on slower and smaller vessels.

A big saving is effected in coal alone, the bill per day for either of these leviathans of the Atlantic averaging \$4,000.

During the time they are laid off, the service will be performed by the *Lucania*, *Campania*, *Etruria*, *Carmania* and *Umbria*. The *Caronia* will go on the Mediterranean run during the winter months.

Starved to Death

Is what could truthfully be said of many children who die. They have worms, poor little things—they don't know it and you don't realize it. If your child is cross, fretful, pasty complexioned and loses weight for no apparent reason, give it White's Cream Vermifuge—you will be surprised at the results and how quickly it picks up. Sold by W. M. Johnson.

She Knew.

Applicant—No, ma'am; I couldn't work in a house where there were children. Mrs. Keehouse—But we advertised for a girl who understood children. Applicant—I do understand 'em, ma'am. That's why I won't work where they are.—Illustrated Bits.

ANOTHER WONDER OF SCIENCE.

Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Herber's Hairicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff grow by driving into the scalp to get at the root of the hair, where it keeps the vitality, causing it to grow and fall out, and finally fall out. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send the 10 stamps for sample to The Herber-Hairicide Co., Detroit, Mich.

Two sizes—50 cents and \$1.00. J. E. Bodiford & Co., Special Agents.

Headquarters at Chicago.

Colorado Springs, Col., July 23.—Just before final adjournment, the members of the republican committee in conference with Frank H. Hitchcock, voted unanimously to establish headquarters in Chicago, instead of New York. Hitchcock's force will be established there as soon as he can get them together after his return to Chicago. All the work of the Taft forces will be directed from Chicago, even to the collection of campaign funds.

Stimulation Without Irritation.

That is the watchword. That is what Orino Laxative Fruit Syrup does. Cleanses and stimulates the bowels without irritation in any form. J. W. McCollum & Co.

A Dip or Spray for Cattle

BY JOHN M. SCOTT

The Florida Agricultural Experiment Station

Perhaps in no section of Florida are the cattle free from animal parasites. Every farmer, whether he owns one animal or one hundred, ought to be interested enough to protect his animals from the injurious effects of these parasites. We have been using at the Experiment Station for the past year a dip which has proved quite satisfactory. The formula was prescribed by Dr. Nelson S. Mayo, and is as follows: White arsenic, two-fifths pound; Sodium carbonate (crystals), one and one-eighth pound; Yellow soap, one and one-eighth pound; Pine tar, one-half pint. Dissolve the arsenic by holding it for half an hour in one gallon of water. Add the dissolved arsenic to five gallons of water. Shave the soap, mix it with the soda, and dissolve the mixture in one gallon of water. When dissolved pour in the tar, pouring in slowly in a fine stream, and stirring meanwhile so as to get in solution. Then mix it with the arsenic solution, and add water to make twenty-five gallons in all.

This is to be used as a dip, spray, or wash. It loses but little by age. The solution not only kills the ticks, but also kills all other animal parasites with which it comes in contact. It may be applied either with a brush or a sprayer, or it may be put in a dipping-tank through which the animal is passed.

Injury by Ticks.—One of the worst parasites with which we have to deal is the cattle tick, which causes Texas or splenic fever. The loss among native stock from this disease is quite heavy; but perhaps most of the loss is caused not by fever, but by the heavy drain upon the animal's system from the large quantity of blood taken by the ticks. One tick consumes only a small quantity; but the continued feeding of several thousand ticks upon one animal soon exhausts its constitution and vitality. This is especially true of young animals, such as calves from six weeks to one year old—a period when they ought to be making their best development and growth. If at this time they are feeding several thousand ticks, instead of growing and developing as they should they will actually become smaller. The young animal once stunted in growth will never develop as it would have done, if it had received proper care and treatment from the first. Besides suffering this loss of blood, tick-infested cattle suffer continuously from irritation and injury of the skin. The tick when attaching itself to the animal's body punctures the skin. The puncture is soon surrounded by an area of intense inflammation, which results in the formation of readily visible scabs.

Loss of Milk.—The injury to the live-stock owner by the ticks is not confined to the loss of blood, and the irritation of the skin caused to his cattle. It has been estimated that the loss to the dairyman caused by the cows being heavily infested with ticks is equal to one quart of milk a day for each cow. This loss amounts in a year to no less than 275—300 quarts

(70 to 75 gallons) of milk for each cow. This means a yearly loss of \$20—\$25.

Much the same is true of cows on the range when nursing calves. The cow has to feed the ticks. Hence, if the ticks abstract the equivalent of one quart of milk a day from dairy cattle, doubtless they reduce in some similar proportion the milk yield of the range cow, whose calf must lose that amount, and the calf likewise suffers a corresponding drain from its own ticks. How then can we expect our cattle raised in tick-infested sections to develop as they ought to develop?

Eradication of Ticks.—Of course the best solution of the problem is the eradication of the ticks, and this could be accomplished if every live-stock owner would co-operate with other live-stock men. It would of course follow that cattle from other tick-infested States would not be allowed to be shipped into Florida. It seems, however, at present that Florida may be the last State in the Union to thoroughly eradicate this pest.

Spraying and Dipping.—Perhaps the next best method will be for each farmer to keep the ticks under control by constant spraying or dipping. There are a number of proprietary dips upon the market which are very good when properly applied; but the greatest drawback to the proprietary dips is their expense. Most of these preparations cost from \$1—\$1.50 a gallon, and one gallon makes about twenty gallons of dip; so that the dip costs from five to eight cents a gallon. This is a considerable expense. There are, however, several good dips (one of which is given above), which the farmer himself can prepare at a much less cost.

FOUGHT WITH RABID DOG.

Memphis Woman's Desperate Battle

Saves Her from Perhaps Death.

Memphis, Tenn., July 23.—In a desperate battle, which lasted ten minutes, Mrs. Mary E. Forrester, who lives on Buntyn avenue, in the eighteenth district, choked to death a powerful maddog which had attacked her.

The dog, a sixty-pound shepherd, standing 2 feet high, and 3 years old, the pet of the neighborhood, attacked Mrs. Forrester, who hardly weighs 100 pounds, after he had bitten Miss Mamie Ditto, a neighbor, on the ankle.

With a sudden spring, the mad animal was upon Mrs. Forrester. She turned upon him as he grasped the hem of her skirt and grasping him, by a dexterous feint, under the head, closed her fingers about his neck and began to grip. All over the porch the woman and dog fought, the dog several times nearly pulling his captor from the porch. But feeble became the canine's struggles as the battle progressed and his breath had all but died out. He grew limp and finally collapsed, falling to the porch dead.

Will Accept Invitation.

San Francisco, Cal., July 23.—The local chamber of commerce has received a joint invitation from the chamber of commerce of the five Japanese cities—Tokio, Kyoto, Osaka, Yokohama and Kobe, asking that representatives be sent to visit those cities. The local chamber decided to accept the invitation.

A Millionaire's Baby

Attended by the highest priced baby specialist could not be cured of stomach or bowel trouble any quicker or surer than your baby if you give it McGee's Baby Elixir. Cures diarrhoea, dysentery and all derangements of the stomach or bowels. Price 25 cents and 50 cents. Sold by W. M. Johnson.

District registration books will be open from September 1st, 1908, to October 10th, 1908.

JOHN C. MCGREW,
Supervisor Registration.

THEY NEVER FAIL

That is What They Say About Them in Gainesville, and It is Therefore Reliable.

Another proof, more evidence, Gainesville testimony to swell the long list of local people who endorse the old Quaker remedy, Doan's Kidney Pills. Read this convincing endorsement of that remarkable preparation:

Mrs. N. E. Carter, living at 108 W. McCormick street, Gainesville, Fla., says: "My son had been complaining of a weak back and pains across his kidneys' regions for some time. He would come home at night all tired out, and hardly able to eat anything. It was difficult for him to assume a comfortable position and he was miserable in every way. Finally he decided to give Doan's Kidney Pills a trial, and procured a box of them at J. S. Bodiford & Co's. drug store. It required but the use of one box to banish all signs of kidney trouble, and he has had no return of the complaint since."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

ALACHUA NOTES.

Alachua, July 23.—The elegant new brick building of the First National Bank and the new drug store of Berry Bros. are nearing completion, and Contractor S. H. Dempsey is receiving many compliments upon the job. These buildings are made of the very best material and are handsome in design and would be a credit to a town much larger than Alachua.

C. A. Williams has just completed a neat cottage on Church street.

Contractor E. E. Bell began work a few days ago on the new residence of A. M. Pettit situated on corner of Main and Church streets. When completed this home will be one of the handsomest in that part of town.

Mr. and Mrs. J. E. Haynesworth, Mr. and Mrs. C. W. Stephens, two of Alachua's wealthiest farmers, left Friday for a few week's outing at Seabreeze.

Rev. W. C. Foster and family have gone to Daytona Beach for a stay of two weeks.

Mrs. William Thomas and daughters, Mrs. Collins and Miss Nellie Nash, have gone to Clearwater for the summer.

A jolly crowd composed of Mrs. Barrion, Mrs. Pettit, Misses Woolf, Hawkins, Nash, Stork, and Mr. Rufus Dell, are at Worthington Springs this week enjoying the fine bathing.

Dr. J. W. Bishop and wife left Sunday for a week's stay with relatives and friends at Aucilla.

Dr. Witt and a gay party of young people from Columbia county were in town today.

W. N. Thompson, the phosphate man from Willeford, was a business visitor here today.

Mrs. A. C. Fowler of Alexander, Ga., who was brought here quite ill a few days ago, we are glad to report, is very much improved.

LEGAL ADVERTISEMENTS.

OFFICE OF APPLICATION FOR LETTERS PATENT.

Notice is hereby given that the undersigned will on the 15th day of August, A. D. 1908, apply to the Governor of Florida, at his office in Tallahassee, Florida, for letters patent for Archer Crates and Basket Company, proposed charter of which is now on file with the Secretary of State at Tallahassee, Florida. A true copy of said proposed charter follows our notice hereto and is made a part of this notice. This notice is given in compliance with the provisions of Section 2649 of the General Statutes of Florida.

Articles of Incorporation of the Archer Crates and Basket Company.

Article 1—The name of this corporation is the Archer Crates and Basket Company, and its principal office and place of business shall be at Archer, Alachua county, Florida, but the board of directors may establish such branch offices, agencies and other places of business at other places in the United States and foreign countries as may be deemed necessary.

Article 2—The general business to be conducted and engaged in is to do or all of the things herein set out to the same extent as natural persons could or might do, that is to conduct and maintain a general manufacturing business, to buy and sell goods, wares and merchandise of all kinds and descriptions, to operate a general mercantile business, to buy, sell and manufacture chemicals and fertilizers wholesale or retail.

To manufacture crates, carriers and boxes, and other similar articles, and to manufacture lumber and saw mills, factories and plants for manufacture and sale of lumber products.

To manufacture ice and deal in the same, and to build and operate cold storage rooms and refrigeration processes.

To produce electricity and distribute same for light, heat and power for other purposes, and to deal in and supply water for all proper and lawful uses.

To buy, sell, hold, use and lease and real estate, and to mortgage the same and to acquire, hold, sell and lease of mortgages on real estate; to enter into, make and perform and carry out contracts of every kind with person, firm or corporation; to hold and all the rights, powers and privileges granted to corporations by the laws of Florida.

The foregoing shall be construed as to its objects and powers, and hereby expressly provided that the foregoing specific powers shall not be held in any way to limit or restrict the powers of this corporation.

Article 3—The capital stock of this corporation shall be Ten Thousand Dollars, divided into 100 shares of the value of One Hundred Dollars each. Said stock shall be paid for in cash or in property, or by labor or services at a just valuation to be fixed by the directors at a meeting to be held for that purpose.

Article 4—The term for which this corporation shall exist shall be ninety years.

Article 5—The business of the corporation shall be conducted by a president, Vice-President, Secretary, Treasurer and a General Manager, and a Board of Directors to consist of not less than three members. The names of any two of the above officers, except as provided by the by-laws, shall be held and discharged by the person. The business shall be conducted by R. D. Medlin, President; H. DePass, Vice-President, and C. Wood, Secretary and Treasurer.

R. D. Medlin, M. H. DePass, C. Wood and M. Venable shall compose the first Board of Directors until the first annual meeting of stockholders to be held on the third Monday of August, 1908, and annually thereafter on said date. The officers of the corporation shall be elected or appointed by the Directors, annually, immediately after the annual meeting of the election of Directors by the stockholders. Each stockholder shall be entitled to one vote for each share of stock owned by said stockholder.

Article 6—The highest amount of indebtedness or liability to which the corporation can at any time subject itself shall be Twenty-five thousand Dollars.

Article 7—The following persons are the subscribers to this charter and articles of incorporation and have subscribed to and for the number of shares set after our names: R. D. Wood, 20 shares; M. H. DePass, 20 shares; M. Venable, 20 shares; all living at Archer, Florida, and R. D. Medlin of Gainesville, Florida, 20 shares, and Fred Cubberly of Cedar, Florida, one share.

The foregoing articles of incorporation are this day approved and adopted as the proposed charter of a corporation to be known as Archer Crates and Basket Company at a meeting of the subscribers and incorporators, held for that purpose, at Archer, Alachua county, Florida.

In witness whereof we have hereunto set our hands and seals this 15th day of July, A. D. 1908.

M. H. DEPASS, (Seal.)
M. VENABLE, (Seal.)
FRED CUBBERLY, (Seal.)

County of Florida,

ALACHUA COUNTY

Alachua county is 508,400 acres in area, has 245 miles railroad, 900 miles wagon road, 56 postoffices, 123 public schools, 27 phosphate plants, 20 saw mills, \$750,000 court house, four newspapers, and produces corn, cotton, rice, sugar, oats, rye, potatoes, pineapples, oranges, peaches, pears, plums, pecans, and all kinds of vegetables.

Gainesville, the County Seat.

Has fourteen churches, two public schools, the University of Florida, private schools, three newspapers, United States land office, the best water, fire alarm system, electric and gas lights, two ice factories, machine shops, three wood factories, cotton gin, two more factories, three railroads, two fertilizer manufacturing companies, one shoe manufacturing, one refitting turpentine plant, four banks, and well stocked stores embracing everything in the commercial line.

DO YOU WANT TO
MAKE OR LOSE MONEY

THIS SUMMER?

THERE is no good reason for any "summer dullness" in the stores of this city. That's a strong statement—but its not nearly so strong as the one to follow.

No store in this city ever suffered from summer dullness that was not directly traceable to its advertising policy—that was not INEVITABLE on account of its advertising policy. This is a strong statement—but not so strong as the one to follow.

You—if you who read this are a merchant in this city—HAVE THE ABSOLUTE POWER TO DECIDE WHETHER, during THIS summer, YOUR STORE SHALL LAG AND LOSE GROUND, through ENCOURAGING THE NON-BUYING HABIT IN THE PEOPLE—or shall keep as busy as in the so-called "busy seasons." You decide the matter one way or the other when you decide on how much or how little you will advertise during these summer months.

To really "gain ground" at a time when some stores are lagging and falling back is not only possible—it is an aspiration—worthy of a man who has the habit of accomplishing his purpose.
